**VJS CONSTRUCTION SERVICES ANNOUNCES SAMUEL MARTINEZ
HAS JOINED THE FIRM AS AN ASSISTANT PROJECT MANAGER**

PEWAUKEE, WI (December 12, 2017) – VJS Construction Services (VJS), a general contracting, construction management, and design build firm located in Pewaukee, is pleased to announce Samuel Martinez has joined our team as an Assistant Project Manager.

In this role, Samuel will be responsible for overseeing all facets of projects, including the physical construction, schedule, required reports and financial aspects as well as interacting with architects, engineers, tradesmen, subcontractors and owners.

Prior to joining VJS, Samuel worked as a consultant performing inspection services for WisDOT roadway projects. What drew Samuel to the opportunity at VJS was that he was looking for a change of pace with work. He has learned a great deal about what goes into building infrastructure but wanted to be involved with vertical construction to become a more well-rounded builder. Samuel's cousin also works at VJS so Samuel is excited to have an opportunity to work with his cousin at a great company.

In Samuel's spare time he enjoys getting together with family and friends and eating. He shares that "grilling outside is a must all year round!" Samuel is also very active and enjoys playing soccer, basketball, football, tennis and softball.

Founded in 1947, VJS Construction Services is one of Wisconsin's top ten general contractors, construction managers, and design builders. The company specializes in educational facilities, senior living facilities, libraries, sophisticated religious structures, corporate office buildings, manufacturing facilities, and healthcare facilities.
